Covering postcodes IP28 IP29 and CB8

---

- A locally run oil buying group saving local people money.
- It doesn't cost a penny to join but will save you pounds when used.
- No commitment to ordering any oil, use the group as and when you need to.
- How does it work? Buying in bulk means we get a better price per litre than buying on your own. The groups purpose is to collect everyone's order and treat it as one single order, oil suppliers then give a better price as there's less travelling for them to do. Better for the environment as well!
- Orders are placed once a month apart from in the summer when it's every other month.
- Communication and ordering is done via email and online.
- You can order by number of litres OR by total amount of money you wish to spend.
- No need for you to phone around for the best prices, we do that for you.
